PROFESSIONAL EXPERIENCE

- **June 2010 – Actually** Tribu D Digital unit from Tribu DDB. Front-End Web Designer.
- **Octubre 2009 – June 2010** Bosz Digital. Front-End Web Developer.
- **February 2006 – August 2009** MEL Mercadeo en Línea. Heredia, Costa Rica. Website design and development projects. My responsibilities in the company were as follows:
 - Make the Designs for the Websites and Landing Pages, first i had to do the sketches of the layouts to present that to the client, then when they choose one, the next thing that had to do was cut the choosen design in photoshop or illustrator and optimize all that design images for Web, thast an important step in the process, the last thing that i had to do was build the website with html /css.

Also i had to test the website on the principal Web browsers (1.Internet Explorer,

2.Mozilla Firefox, 3.Google Chrome, 4.Apple Safari) to be sure that all the design looks right at least in the most used browsers (Internet Explorer & Firefox).

- Apart from make all the design for the Websites and Landing Pages layouts, I had to create when was necessary Flash Animations for: website animated intros, make animated sequences for the top of the sites with photos or images related to the service or product, Advertising Banners with animation for several projects, and other things like animated menus for example.
- **2006** Freelancer Corporate Design (logo, brochure, flyers, Business Card, etc).
- **2005** CD-ROM Design about Costa Rican folklore Leyends. (University Project)
